Comprehensive Coverage of the Curriculum

The book covers a wide range of topics included in the Year Autumn Term curriculum. From arithmetic and problem-solving to geometry and algebra, each area is thoroughly explored. The carefully crafted exercises gradually increase in difficulty, allowing your child to progress at their own pace.

Engaging and Interactive Exercises

Gone are the days of boring math drills! The KS2 Maths Daily Practice Book offers a variety of engaging exercises that make learning enjoyable. Colourful illustrations and real-world examples bring maths to life, making it easier for children to understand and apply their knowledge.

Developing Problem-Solving Skills

Mathematics is not just about calculations; it also involves problem-solving. The book includes a dedicated section that focuses on developing problem-solving skills. Through challenging puzzles and thought-provoking questions, your child will learn to think critically and approach mathematical problems with confidence.

Flexible Learning Options

Whether your child prefers pencil and paper or enjoys working digitally, the KS2 Maths Daily Practice Book offers flexible learning options. The book is available in a physical format, which allows your child to write directly in the book.

Additionally, an online version is accessible, providing interactive exercises and instant feedback.

Perfect for Independent Study or Classroom Use

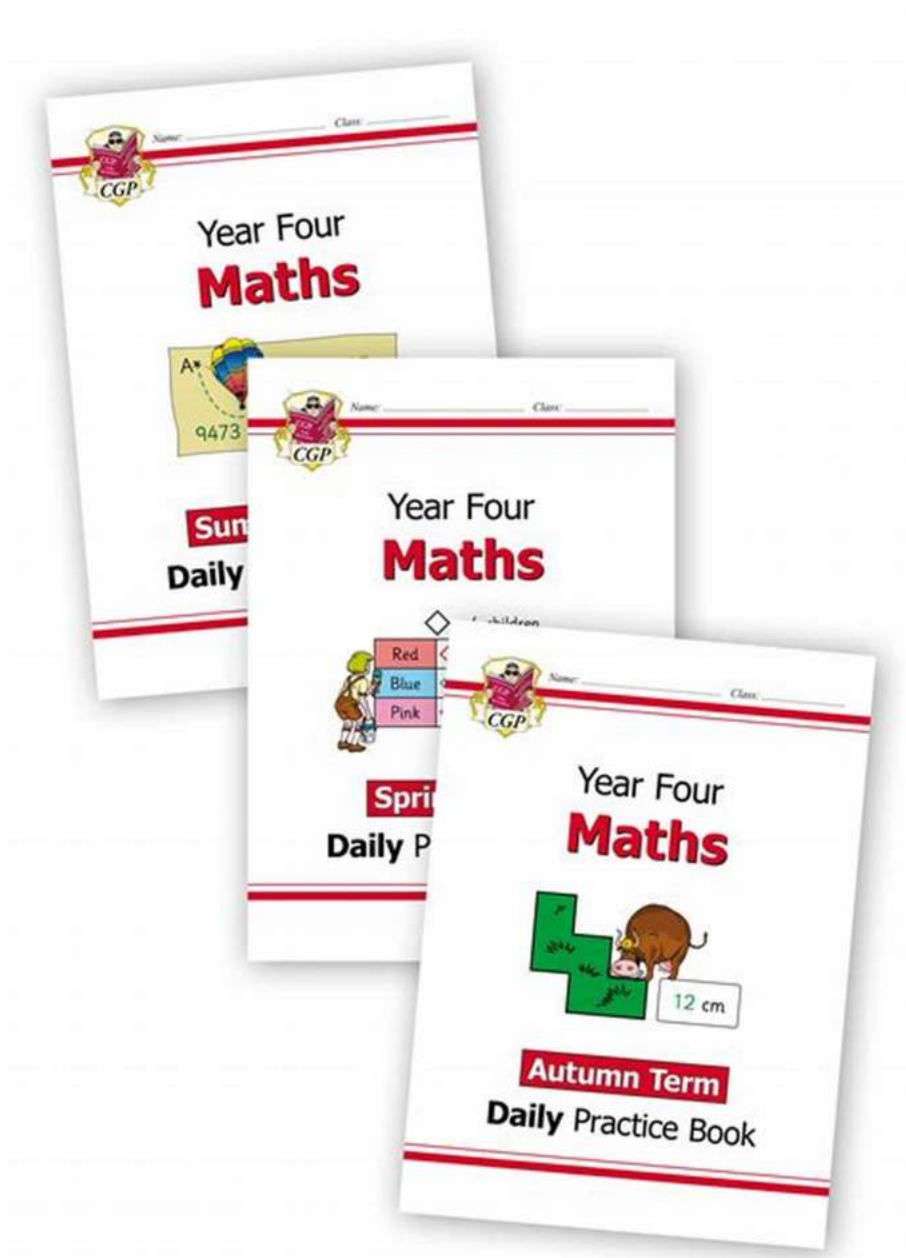

The KS2 Maths Daily Practice Book Year Autumn Term is suitable for both independent study and classroom use. It can be used as a supplementary resource to support classroom learning or as a comprehensive standalone guide. The book also includes answer keys, allowing parents and teachers to monitor progress and identify areas that may need further attention.

Boost Confidence and Achieve Academic Success

By consistently practicing with the KS2 Maths Daily Practice Book, your child will build confidence in their mathematical abilities. As they work through the exercises and see their skills improve, they will feel more prepared and ready to take on any mathematical challenge. This increased confidence will translate into improved performance and greater academic success.

Screen Reader : Supported

Print length : 28 pages

There's no better way to improve pupils' Maths skills than with regular practice. That's why we've written this fantastic Daily Practice Workbook for the Year 3 Autumn Term! Packed with colourful characters and engaging activities, there's a page of Maths practice for every school day of the term. It's ideal for use at home or in class as independent work, and it's all matched to the National Curriculum! For each day, there's a short explanation of what to do, followed by a selection of Maths questions, all set at the perfect difficulty for ages 7-8. New topics are introduced gradually, then revisited throughout the book to help children commit them to memory.

For complete coverage of Year 3, check out our other books for the Spring (9781789086508) and Summer (9781789086515) terms too!
