For those who've escaped their biggest bullying enemies, and for those who are still trapped in the fight against them. May this help strengthen you. And show you that you're not alone.

"CAN YOU HEAR ME NOW?"

A Spy Cult has consumed my entire life for decades. You're probably already aware of this. What you may not be aware of is the fact that these vile people have systematically decimated every part of my life, from disappearing my family members, to killing my pets, to destroying my health and finances and keeping me trapped in an invisible prison of torture, loss, poverty, pain, fake “friends, neighbors & attorneys”-- screwed up sociopaths pretending to be nice guys looking for a nice girlfriend-- and the list goes on. There is no part of me they have not violated or abused. While the Dear Recruiter stories depict certain aspects of all this trauma that torment me the most fervently, these letters simplify, sum up and condense the main point and purpose of the D.R. series: From kidnapping me and feeding me bugs to terrorizing me daily with electroshocks and critters or other crippling pain and torment-- this poetry series is my letter to these supposed “political recruiters” to not only say “F-U” but also to describe in pretty blunt detail WHY. The entire Dear Recruiter series is my way of showing these “recruiters” WHY I will never be their candidate or give them anything they want in any capacity at any time in any future for any reason-- Cause I like assholes to understand why I'm rejecting TF out of them-- laced with #PissedOffPoetry elegantly flicking off perverted abusers of power.

What's not to love?

“A hard-core, truth-spewing, brute-slapping rejection letter to an unaccountable and cowardly shadow cult of seemingly endless societal power, limitless biotech and compulsively abusive incompetence. This entry, like its series, serves as a new level of speaking truth to power, being defiant-- and never backing down. May it inspire us all.”

--The Book Club Elite

You should not have food-blocked me. Except for the culprits who will face the gallows for their crimes against me and others, everyone who has orchestrated willful harm, terrorism, damage, harassment, abuse, deprivation, loss or other negative violation against me will now indefinitely be “legally kidnapped” into a “care” facility (as you did to me) with no access to the outside world-- trapped, alone, powerlessly stripped of all your civil rights-- until 2042. Everyone will get what they deserve-- right now. Amen.

And the ONLY person I choose to save my day (guard my financial accounts) right now is Edward Snowden. Everyone else is just a pretty question mark “friend” who I will get to know over time. Let’s blow the whistle on this mutha, Ed!
