RTIP2R stands for Research, Technology, Innovation, Policy, and Regulation, representing the key pillars to address existing societal challenges. By promoting interdisciplinary collaboration, RTIP2R 2020 aims to solve complex problems and contribute to the overall betterment of society.

Location and Dates

The Third International Conference RTIP2R 2020 will be held in Aurangabad, India from January 10th to 12th, 2020. Known for its rich cultural heritage and historical significance, Aurangabad is the perfect backdrop for such an intellectually stimulating event. The city offers a blend of modernity and tradition, making it an ideal destination for academic exchanges and research discussions.

Keynote Speakers

RTIP2R 2020 boasts an impressive lineup of keynote speakers who are leaders in their respective fields. These experts will share their valuable insights and provide a vision for the future of research, technology, innovation, policy, and regulation. The conference attendees will have the opportunity to engage with and learn from these accomplished individuals, gaining inspiration and expanding their horizons.

Conference Tracks

RTIP2R 2020 encompasses a wide range of conference tracks covering various aspects of research, technology, innovation, policy, and regulation. Participants can select the track most relevant to their interests and expertise, ensuring a targeted and focused experience. Some of the exciting tracks include:

- Artificial Intelligence and Machine Learning
- Big Data Analytics and Data Sciences

- Renewable Energy and Sustainability
- Bioinformatics and Biomedical Research
- Blockchain and Cryptocurrencies
- Social Media and Digital Marketing

Paper Submission and Peer Review

Researchers and scholars are invited to submit their original research papers to RTIP2R 2020. Submitted papers will go through a rigorous peer review process to ensure their quality and adherence to the conference's standards. Accepted papers will be published in the conference proceedings, giving contributors the opportunity to showcase their work to a global audience. Additionally, selected papers may also be considered for publication in reputable journals.

Networking and Collaboration Opportunities

One of the key highlights of the RTIP2R 2020 conference is the abundance of networking and collaboration opportunities. Attendees will have the chance to connect with fellow researchers, industry professionals, and policymakers from around the world. These interactions can lead to potential collaborations, future research projects, and exchange of ideas, greatly enhancing the participants' professional growth and network.

Registration and Important Dates

Interested individuals can register for the Third International Conference RTIP2R 2020 by visiting the official conference website. Early bird registration is highly recommended to secure a spot and avail of discounted rates. The important dates for the conference, including submission deadlines and notification of acceptance, can also be found on the website.

In

The Third International Conference RTIP2R 2020 in Aurangabad, India, presents an unparalleled opportunity for academics, professionals, and industry experts to gather and contribute to the development of research, technology, innovation, policy, and regulation. By attending this conference, you can become part of a global community dedicated to addressing the most pressing challenges of our time, while fostering collaborations that will shape the future. Register today and embark on an intellectual journey that could change the course of your career!
