So, what makes the Get Your Wordsworth series special?

It's a mix of things, really. When I set out to write these books, I wanted to create a new type of poetry. A poetry-prose hybrid that was much less rigid, formal, turgid and technical than the traditional model and one that did not bore the buttocks off bright young people.

Hence the highly unorthodox format, combining a newspaper style title and subtitle, an original hand-drawn high quality sketch for each poem plus a personal author insight or pun were all designed to make the poetry more accessible and digestible for middle grade readers.

The out-of-the-box format is a direct spin off of my studies in journalism, advertising and my career as a traditionally published children's picture book author plus an innate sense of silly!

Overall, the Get Your Wordsworth series is designed for those, young and old alike, who appreciate the English language in all its nuanced, layered and textured glory and who can handle a judicious mix of the super silly and gently philosophical all imbued with a healthy dose of wry and dry humor!

What words would you, as a modern muse, use to describe this series?

It's very very hard to describe until you experience it for yourself because Get Your Wordsworth seems (to me at least) to be a new style of fiction...one that combines short story illustrated poems with a few modern day twists and tweaks to make verse less fearsome and impenetrable.

Overall, I call this potentially new style of pictorial poetry-prose fast blasts. But a quick brainstorm also unearthed the following possible descriptors!

casual poetry-prose

quirky poetry-prose fusion

laugh now, think later verse

micro poetry-prose

illustrated micro fiction

poetry-prose mash-up

rap traps

genre-busting poetry-prose

one minute super shorts

bite-size bedtime reads

playful poetry

cheeky poetry chunks

poetry-prose hybrid

little book of laughs

re-verse high-brow
