A guide to four multi-day hut-to-hut trekking routes in Austria's Hohe Tauern region. The Hohe Tauern National Park is the largest in Europe. Within Austria it embraces the provinces of Tirol, Salzburg and Karnten (Carinthia). This guidebook concentrates on three areas - the Reichen, Venediger and Gross Glockner groups.

The Reichen Group Hut-to-Hut Rucksack Route will take five to six days to complete, starting from the resort town of Mayrhofen at the head of the Zillertal valley. The route described is suitable for those with good general mountain walking ability who are surefooted and vertigo free.

The Venediger Group Hut-to-Hut Rucksack Route traverses the Venediger from south to north over seven days, starting in the Virgental valley at Streden. The route requires no greater skills than those needed to wander safely over the mountain areas of Britain.

The eight day Venediger Glacier Tour is better suited to mountaineers. Participants need to have the ability to cross glaciers safely using ropes, ice axes and crampons.

The eight day Glockner Group Hut-to-Hut Rucksack Route is a circular tour around Austria's highest mountain. The route was created to allow hikers to cross through the mountains without having to make difficult glacier crossings and carry ropes and mountaineering equipment.

En route there is ample opportunity to climb some of the peaks and ascents and excursions are described. This book will appeal to groups of mixed ability and those looking to visit the Alps for the first time without the demands of the higher mountains of the western Alps. With lots of practical advice, including on glacier travel, and a comprehensive hut directory.
