We're moving to Ireland!!! That was our mantra during the run-up to the 2016 presidential election when it looked more and more like "The Tweety-Bird-In-Chief" would get elected. Sure, we had been thinking about it anyways, but this was the straw that broke the camel's back. My Irish Journey provides a humorous look at the move and integration into Irish life over a two year period. Some of the topics covered include school, Irish culture, government/politics medical, festivals, sports, shopping, currency, travel, getting a driver's license and the celebration of American holidays as an expat. Comparisons to systems in the US are made when describing these subjects to help foster a better understanding. Even if you're not moving to Ireland or just coming for a visit, you may find our trials and successes of interest. You will meet local characters, see the differences between the U.S. and Ireland and find out what it is about Ireland that makes us want to stay here.
