On rebel planet Elysium, a man is executed on live video streamed by religious extremists. Nothing terribly original so far for Elysium.

Only this time, the man doesn't die.

When security expert Asher Perez is sent to find him, dark secrets about the rebel colony are exposed. Something dark is stirring in the shadows.

Something that has been watching humanity since the dawn of history.

Praise:

□□□□□ - "The story is both original and fast-paced, making it really hard to put down."

□□□□□ - "I'm extremely impressed with Dahlgren's writing, and look forward to the sequel."
