Ci sono storie che finiscono per essere dimenticate, ma ne esistono altre destinate a divenire immortali.

Se sentiamo dire "Tallone d'Achille", ci viene naturale pensare al punto debole di una persona, se invece viene nominata "Medusa", immagineremo subito il mostro coi capelli fatti di serpi e capace di pietrificare con uno sguardo; tutto ciò fa capire quanto siano stati influenti nella storia questi miti e leggende!

Gesta epiche di antichi eroi scritte più di 2000 anni fa, capaci di emozionarci e ispirarci ancora adesso, lasciando un velo di mistero sulla domanda: dove finisce la realtà e dove inizia la fantasia?
