

# Unveiling the 6th International Conference LCT 2019: The Ultimate HCI Event

## Detail Book

Title : Learning and Collaboration Technologies Designing Learning Experiences 6th International Conference LCT 2019 Held as Part of the 21st HCI Part I Lecture Notes in Computer Science

Format : PDF,kindle,epub

Language : English

ASIN : 3030218139

Paperback : 176 pages

Product Dimensions: 7 x 0.6 x 9.5 inches

Welcome to the world of cutting-edge technology! The 6th International Conference on Learning and Collaboration Technologies (LCT) 2019 is here, and it promises to be an extraordinary gathering of brilliant minds from various disciplines. Held as part of the 21st Human-Computer Interaction (HCI) conference, this event aims to explore the vast possibilities of human-computer interaction and its influence on learning and collaboration in today's digital world.

## An Overview of the Conference

The 6th International Conference LCT 2019, held as part of the renowned HCI conference, is scheduled to take place on 20th - 24th July at a stunning venue in the heart of Silicon Valley. As one of the most prestigious events in the HCI field, this conference attracts researchers, scholars, industry experts, and enthusiasts from around the globe.

**Learning and Collaboration Technologies. Designing Learning Experiences: 6th International Conference, LCT 2019, Held as Part of the 21st HCI International ... Notes in Computer Science Book 11590)** by Larry Lyles (1st ed. 2019 Edition, Kindle Edition)

★★★★☆ 4.6 out of 5

Language : English  
File size : 56836 KB  
Text-to-Speech : Enabled  
Screen Reader : Supported  
Enhanced typesetting : Enabled  
Print length : 681 pages  
Hardcover : 124 pages  
Item Weight : 1.1 pounds  
Dimensions : 6 x 0.72 x 9 inches  
Paperback : 288 pages

The goal of the conference is to nurture a collaborative environment where attendees can exchange ideas, present their research findings, and learn from each other's experiences. As part of LCT 2019, participants can expect a diverse range of informative sessions, interactive workshops, keynote speeches by eminent keynote speakers, and engaging poster presentations.

## Key Features of LCT 2019

## **1. Inspiring Keynote Speakers**

LCT 2019 features a lineup of renowned keynote speakers who are pioneers in the field of HCI. These individuals have made significant contributions, and their speeches promise to be thought-provoking and enlightening. They will share their insights, experiences, and visions for the future of human-computer interaction.

## **2. Interactive Workshops**

Get ready to roll up your sleeves and dive deep into practical aspects of the HCI field! LCT 2019 offers a series of interactive workshops where attendees can participate in hands-on activities, guided by experts. These workshops provide invaluable opportunities for participants to develop their skills and gain practical knowledge in domains such as virtual reality, augmented reality, user interface design, and more.

## **3. Poster Presentations**

Poster presentations are an integral part of LCT 2019, allowing researchers to showcase their work visually. Attendees can engage in meaningful discussions, offer feedback, and explore cutting-edge research in various topics related to HCI, learning, and collaboration. The vibrant atmosphere of the poster sessions encourages networking and collaboration among participants.

## **Conference Themes**

- Human-Computer Interaction
- Learning Technologies
- Collaborative Technologies
- Educational Technology
- Information Systems

## Who Should Attend?

The 6th International Conference LCT 2019 is a must-attend event for:

- Researchers and scholars in the HCI field
- Academics in the field of education and technology
- Professionals from the IT industry
- Entrepreneurs and innovators
- Students and enthusiasts interested in HCI

## Why Attend LCT 2019?

Attending the 6th International Conference LCT 2019 can be a game-changer for your professional and intellectual growth. Here are a few compelling reasons to join:

1. **Expand Your Knowledge:** Gain insights into the latest trends, innovations, and research studies happening in the HCI field.
2. **Networking Opportunities:** Connect with industry experts, renowned researchers, and fellow enthusiasts to exchange ideas, collaborate, and build lasting relationships.
3. **Career Advancement:** Discover new career opportunities and enhance your professional reputation by presenting your work, engaging in discussions, and staying updated with the latest developments in the field.
4. **Explore Innovations:** Discover cutting-edge technologies, products, and solutions through interactive exhibitions by leading companies and startups.
5. **Be Inspired:** Immerse yourself in an atmosphere filled with innovation, creativity, and passion for human-computer interaction, and let it fuel your

own creativity and inspiration.

## Registration and Further Information

To attend the 6th International Conference LCT 2019, visit the official conference website at [www.lct2019conference.com](http://www.lct2019conference.com). Here, you can find detailed information about registration, key dates, accommodation, the conference program, and more. Secure your spot today and embark on an extraordinary learning journey!

## Join the HCI Revolution at LCT 2019

Don't miss this exceptional opportunity to be part of the 6th International Conference LCT 2019 and witness the convergence of science, technology, and innovation. Join the revolution that is driving human-computer interaction forward and shaping the future of learning and collaboration. See you there!

Paperback	: 288 pages

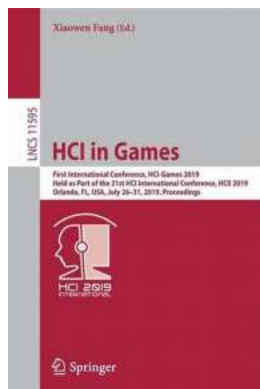

This two-volume set LNCS 11590 and 11591 constitutes the refereed proceedings of the 6<sup>th</sup> International Conference on Learning and Collaboration Technologies, LCT 2019, held as part of the 21st International Conference on Human-Computer Interaction, HCII 2019, in Orlando, FL, USA in July 2019.

The 1274 full papers and 209 posters presented at the HCII 2019 conferences were carefully reviewed and selected from 5029 submissions. The papers cover the entire field of human-computer interaction, addressing major advances in knowledge and effective use of computers in a variety of applications areas. The papers in this volume are organized in the following topical sections: designing and evaluating learning experiences; theoretical and pedagogical approaches in technology-enhanced learning; cognitive and psychological issues in learning; and technology in STEM education.
