An adventure series filled with mystery, suspense, and fantasy - for kids ages 9-12 and teens

With Grade 10 “done and dusted,” Peter can now enjoy a summer of hanging out with Neil (and maybe even looking for a new girlfriend.) But his chances of having a “typical high schooler’s summer break” are, unfortunately, nil.

Xavier's army of evil weather gods outnumber Zoltan's by a factor of 20, or possibly even 30, meaning the threat of being invaded is growing day by day.

To give themselves a chance against this upcoming onslaught, they need help. A lot of help. But acquiring this assistance will involve dredging up a secret from Sevlar's past that few even know about.

With time dwindling, and other options nonexistent, Peter leads his team on a risky and dangerous mission to find those who "might" join their side, unaware of what he and his friends will have to conquer in order to get to their destination...
