A revised and updated version (September 2019) of this highly popular cyclist's guide to Portugal's sun-baked Alentejo region.

The book provides a general overview of riding in the region, plus a detailed guide to a six to nine-day cycle tour taking in many Alentejo highlights.

The main part of the guide gives detailed directions for a cycle tour following a loop south that starts and ends in the historic city of Evora.

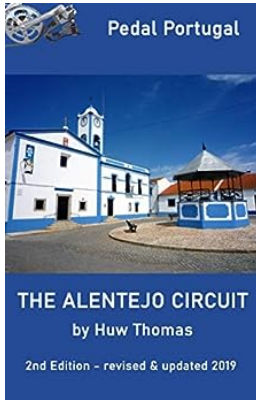

Directions for each day's ride include details of all important junctions and distances for every section - plus 21 maps of towns and villages along the way.

The revised edition has been updated to reflect changes to roads over the past five years and to increase the amount of time spent on roads with less traffic - as well as providing an even more scenic route overall.

Notes for each day provide ideas for alternative routes and side trips taking in vineyards, a giant dam, bird-spotting opportunities and the chance to visit ancient megaliths.

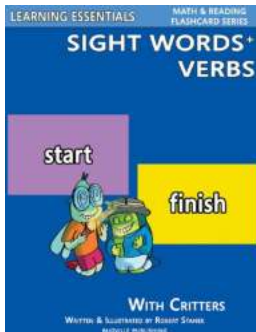

Background information gives ideas for places to stay, where to find shops, cafes, bike stores etc.

A separate section provides advice on a 3-day coastal extension taking in some of the Alentejo's most dramatic cliffs and prettiest beaches.
