The Feline Patients

Urban Tigers caters to a diverse range of feline patients, each with their own unique personalities and stories. From pampered Persians to adventurous Maine Coons, Dr. Anderson provides care and compassion to all her patients.

Tale 1: The Fearless Stray

One of the most memorable stories revolves around a fearless stray named Simba. Simba was a street cat with a daring personality, always exploring the city and getting into mischief. Dr. Anderson recalls the time Simba came in with a broken leg after an unexpected encounter with a feisty squirrel. Through a series

of surgeries and rehabilitation, Simba made a full recovery, earning him the nickname of “The Urban Legend” among the clinic staff.

Tale 2: The Mysterious Abyssinian

A mysterious case that remained unsolved for weeks involved an Abyssinian named Cleo. Cleo had been exhibiting puzzling symptoms that baffled both Dr. Anderson and her team. Countless tests were conducted, but the cause of her illness remained unclear. It took a collaboration with specialists from a neighboring city to finally uncover the rare condition affecting Cleo. A groundbreaking treatment was then administered, leading to Cleo's remarkable recovery and a collective sigh of relief from the entire clinic.

Tale 3: The Rescue Mission

Urban Tigers not only provides healthcare but also actively participates in rescue missions. In this tale, Dr. Anderson and her team embarked on a daring nighttime rescue operation to save a group of abandoned kittens trapped inside an old warehouse. The operation involved crawling through narrow spaces, carefully avoiding rusty nails, and handling hissing, frightened furbabies. Ultimately, all those little lives were successfully rescued and later found loving homes.

Urban Tigers' stories are just a glimpse into the thrilling and compassionate world of a cat vet in an urban setting. Dr. Anderson's dedication to her feline patients and the challenges she faces in a bustling city will leave you in awe. So whether you are a cat lover, aspiring veterinarian, or simply looking for an entertaining read, be sure to follow Urban Tigers' tales for an exhilarating journey through the world of cat veterinary medicine.

Urban Tigers is a gentle, humorous, heart-warming account of Dr. Emily McBride's first year at Ocean View Cat Hospital under the guidance of the flamboyant Dr. Hughie Doucette. While he is regarded by his devoted clients as The Cat Messiah, Emily is at first known only as "that girl". But her sense of humour and dedication soon earn her a loyal clientele; Herbert Grant, retired history professor and cat devotee whose cherished felines drink only bottled water and sniff organically-grown catnip, Mrs. Eunice Dalrymple, self-proclaimed cat psychic and, of course, Titus Tid the Third from Tidsville, a smug Persian with a peculiar affliction. The very real characters and their beloved pets enrich Emily's life in unexpected ways.

Drawn from her own experiences in a feline practice, Chisholm's Urban Tigers is a poignant reminder that loves comes in all shapes and sizes. If you have ever cared for a pet, or the owner of a pet, this is the book for you.
