For the first time, Spark Young Writers have made an anthology of work they have produced during the year.

Our creative writing groups have been forced to take place online, which has been difficult for some of our young writers. We haven't been able to hold our annual Awards Ceremony which is usually one of the highlights of the Writing West Midlands year.

We have asked all our young writers – even those who only managed one or two sessions with us – if they would like to contribute a short piece for our Anthology.

We have a varied collection of poems, stories, scripts, letters and reviews. Some have been written collectively, most independently.

Our young writers range from 7 – 17 years old.
