The iconic dock has been redesigned to match the aesthetics of iOS, complete with customizable widgets, control center, and refreshed app icons. The menu bar has also received a significant facelift, providing users with a more immersive and visually pleasing experience.

Revolutionize Your Safari Browsing

macOS Big Sur brings a major update to the Safari web browser, making it even faster, more secure, and power-efficient. With improved battery life and groundbreaking privacy features, Safari takes browsing to the next level.

Tab management has been enhanced, allowing you to easily preview tabs, close them with a single click, and even customize your start page. The new Privacy Report feature provides a detailed breakdown of how websites track your online activities, giving you more control over your digital footprint.

Experience the Power of Mac Catalyst

macOS Big Sur introduces Mac Catalyst, a powerful technology that allows developers to seamlessly bring their iPad apps to the Mac platform. This means you'll have access to a vast range of apps specifically designed for the Mac, making your workflow more efficient and enjoyable.

From productivity apps to entertainment, Mac Catalyst opens up a whole new world of possibilities. Whether you're a creative professional or a casual user, you'll find an array of high-quality apps optimized for the Mac experience.

Enhance Your Messaging with Messages

Messages on macOS Big Sur comes with exciting new features that make staying connected with friends and family more fun and interactive than ever. With inline replies, pinned conversations, and a redesigned photo picker, you can express yourself better and never miss out on an important message.

Not only that, but Messages also brings powerful search capabilities and Memoji customizations, allowing you to create personalized avatars that mirror your expressions and emotions.

Get Productive with Optimized Apps

macOS Big Sur takes full advantage of Apple's ecosystem, providing you with optimized apps that elevate your productivity and creativity. Apps like Photos, Maps, and Calendar have received significant updates, offering a seamless experience across all your devices.

The new Maps app comes with immersive 3D city tours and custom guides curated by trusted sources. Photos introduces a streamlined editing interface and powerful machine learning capabilities for organizing and rediscovering your precious memories. And with the enhanced Calendar app, you can effortlessly manage your schedule and stay organized.

Stay Entertained with Apple Music and TV+

macOS Big Sur brings Apple Music and Apple TV+ to the forefront, offering an unparalleled entertainment experience on your Mac. With Apple Music, you can explore millions of songs, discover personalized playlists, and enjoy live radio stations.

Apple TV+ brings you a wide range of exclusive original content, including movies, TV shows, documentaries, and more. With macOS Big Sur, you can dive

into a world of immersive storytelling and cinematic experiences right from the comfort of your own Mac.
